Brett Scofield, Ph.D. – CCMH Executive Director

WEBINAR DESCRIPTION

The 2023 Annual Report webinar will share new findings and trends related to the national state of college student mental health during the 2022-2023 academic year. Additionally, this year's report examined the link between experiences of discrimination and mental health within a sample of students receiving services from college counseling centers nationally.

During the webinar, Brett will review 22-23 mental health trends and discuss the critical role college counseling centers serve in supporting the Diversity, Equity, Inclusion and Belonging (DEIB) goals that are a priority for many institutions.
